The **Fondazione Acquario di Genova Onlus**

(Area Porto Antico, Ponte Spinola, 16128 Genova, Italy)

has the great pleasure of awarding the international **ecocrest©GOLD**

label to the **mother-of-pearl (MOP)** manufactured or distributed by

ARTECAD S.A.

(Les Lovieres 14,, 2720 Tramelan - Switzerland) in 2023.

The Mother-of-Pearl manufactured or distributed by **ARTECAD S.A.**, originated from an **ecocrest©** certified production in Indonesia, an **ecocrest©** certified manufacture in Vietnam and then an **ecocrest©** certified manufacture in Italy, was obtained according to the sustainable use of marine resources, taking into account the maximum care for all the environmental aspects and rules, strictly following the pertinent regulations enforced in the country of origin, in Indonesia, in Vietnam, in Italy and in Switzerland. The production chain and process use all discards. Furthermore, the production chain is respecting the ILO/UNO principles, particularly as concerns the child labour, the gender parity, the lack of discriminations and the regular contracts for all workers. The ARTECAD's production concerns MOP watch dials that should carry the necessary tracking details up to the final client.

ARTECAD S.A. is therefore authorised to use the official **ecocrest©GOLD** logo to distinguish worldwide its **Mother-of-Pearl watch dials manufactured in 2023**, as a **sign of excellence for a sustainable, correct and ethic product.**

Genova, 30 September 2023
